Step-by-Step Instructions: Filling Out Advance Directives Forms

Filling out a designation of health care surrogate form or living will can be intimidating. We’re here to help you. The BayCare advance directive form is designed as a single form that allows you to complete the designation of health care surrogate portion, the living will portion, or both.

1. **Name declaration:** In this area, to complete either the designation of health care surrogate or living will, you must fill out your legal name.

2. **Surrogate authority:** In this area, the person filling out this form may decide when he or she wishes to have a health care surrogate receive health information or make health care decisions. Initialing in either box isn't required unless you want that action to occur.

3. **Naming a health care surrogate:** In this area, you provide the information for your health care surrogate. This is the person who you trust to honor your health care wishes. It’s recommended that an alternate be designated, if possible.

4. **Other instructions:** This area allows for additional instructions to be written into the form.

- An irreversible and severe mental or physical illness that prevents me from communicating with others, recognizing my family and friends, or caring for myself in any way
